## MESSAGE

I am happy to know that a website [www.thamarasseryonline.com](http://www.thamarasseryonline.com) is being launched by a group of youngsters from social, cultural, media and I.T. fields with a noble idea of connecting the beautiful hilly area of Thamarassery with the world through the modern technology.

I take this opportunity to congratulate the entire team for having initiated this new venture and wish every success in their endeavors.

(E. Ahamed)
